TECHNICAL SKILLS

Languages: Python, SQL, JavaScript, HTML, CSS, C/C++
Tools: React, Django, Flask, Git, DOM, Object Oriented Programming, Agile
Certifications & Training: [AlgoExpert](#) Certificate, CodePath Web Dev Certificate
Systems & Platforms: Google Cloud Platform, Red Hat Enterprise Linux

PROJECT EXPERIENCE

Full Stack Booking Application
- Developed a booking application utilizing the MERN (MongoDB, Express.js, React, Node.js) stack.
- Orchestrated the creation of a feature-rich website, mirroring the user interface of Airbnb.

Photo Recognition Tool
- Implemented advanced machine learning algorithms to train an AI model utilizing the MNIST dataset.
- Demonstrated adeptness in managing extensive datasets, underlining capacity in handling complex data environments.

Personalized Spotify Playlist
- Leveraged Spotify Web API documentation to create an application to curate playlists based on user listening habits.
- Showcased proficiency in integrating external APIs and translating technical specifications into functional features.

Client Portfolio Website
- Crafted a dynamic and visually captivating portfolio website using HTML, CSS, and JavaScript to showcase client achievements and services.
- Amplified client visibility through effective presentation of their work and offerings.
